Registered.

Intro. No. 110/02

May 18/11

BALAI BESAR PENELITIAN PERTANIAN,
BALAI PENELITIAN HAMA TUMBUH-AN,
DINAS KARANTINA TUMBUH-AN.

GENERAL AGRICULTURAL RESEARCH STATION,
INSTITUTE FOR PLANT DISEASES AND PESTS,
PLANT QUARANTINE SERVICE.

PHYTOSANITARY CERTIFICATE
SURAT KESEHATAN BAHAN TUMBUH-AN

This is to certify that the plants, parts of plants or plant products described below or representative samples of them were thoroughly examined on September 12, 1963

mewakili partai tersebut telah diperiksa dengan teliti pada tgl.
by Thaib Dano an authorized officer of Plant Quarantine Service in Rogor
oleh sebagai ahli pemeriksa Dinas Karantina Tumbuh-an
and were found to the best of his knowledge to be substantially free from injurious diseases and pests and the consignment is believed
dan menurut hasil pemeriksaannya, telah dianggap bebas dari penyakit maupun hama tumbuh-an dan bahan kiriman tersebut dianggap telah
to conform with the current phytosanitary regulation of the importing country both as stated in the additional declaration hereon and
memenuhi syarat kesehatan tanaman yang dikehendaki oleh negeri yang di tudju sebagaimana dinjatakan pada kedua keterangan berikut
otherwise.

dan keterangan lain-nja.

DESCRIPTION OF THE CONSIGNMENT
KETERANGAN BAHAN KIRIMAN

Name and address of Exporter Leong Koon Hye Boyer, I N D O N E S I A
Nama dan alamat Eksportir
Name and address of Consignee Dr. Burkil, Director Botanical Garden, Singapore
Nama dan alamat Penerima
Number and description of packages Two bags
Djumlah dan keterangan koli
Distinguishing marks As addressed
Tanda-tanda istimewa
Origin (if required by importing country) Boyor
Daerah asal (bila diperlukan negeri tudjuan)
Means of conveyance Plane Point of entry
Diangkut dengan Pelabuhan pemasukan
Quantity and name of produce 2 plants of Maniltoa gomipara Schaff + 11 Seeds of Maniltoa
Djumlah dan nama bahan tanaman
Botanical name (if required by importing country) schafferi K. Schum Schofferi K. Schum
Nama botani (bila diperlukan oleh negeri tudjuan)

FUMIGATION OR DISINFECTION TREATMENT
FUMIGASI ATAU PERAWATAN DESINFEKSI

Date of fumigation	Treatment
Tanggal fumigasi	Perawatan
Duration of exposure	Chemical and concentration
Waktu yang diperlukan	Bahan obat dan konsentrasinya
Additional declaration	
Keterangan lain-lainnya	

Charges : Rp. 20,-

SHIPPING NOTICE No.

066/KB/72.

KEBUN RAYA
BOGOR, INDONESIA.

Concerning : 1. Gift.
2. Exchange.
3. for study.

To : Dr. Alphonse.
Director,
SINGAPORE BOTANICAL GARDEN,
SINGAPORE.

Date : July, 24th - 1972.

The seeds of:

1. *Aristolochia indica* L.
2. *Canarium commune* L.
3. *Musa ensata* Gmel.

The seedling & cutting of:

1. *Victoria regia* Lindl. (seedling)
2. *Argyrea hookeri* Clarke. (cutting).

You will receive 2 SHIPPING NOTICES concerning the shipment of plant - material involved; one will be found enclosed in this letter, the other with the consignment it-self. We urgently request to return one of these lists, duly signed by you as a receipt, as soon as possible after verification of the contents of the consignment, and state on this list possible damage, losses, etc. The other notice may be retained in behalf of your own administration.

We shall be glad to receive a copy of the publication in which the specimens sent by us, are mentioned.

Please underline and fill
in which fits the case :

- in good order.
- with damage of nrs.:
- with the loss of nrs.:
- mentioning that :

Please address to :

Dear sir, madam

This is to acknowledge with thanks the 20 orchid plants from you which arrived on 29.5.70 in good condition.

The plants were as follows.

- 1 Dend. Kingianum
- 1 " acmulum
- 1 " canaliculatum
- 3 " ~~bigibbum~~
- 1 " lilifolium
- 1 " ~~R~~ ruppianum
- 1 " adae
- 1 " agrostophyllum
- 2 Liparis bracteata
- 1 Bulbophyllum sherpherdii
- 82 " sp.
- 1 Cymbidium suave
- 1 Sarcochilus falcatus.

For ag Dericlor

PHYTOSANITARY CERTIFICATE

Port: Honolulu, Hawaii

No. 4006

This is to certify that the plants, parts of plants, or plant products described below, or representative samples of them, were thoroughly examined on March 22, 1962 by Cl. Wong, an authorized inspector of the Department of Agriculture and Conservation and were found, to the best of his knowledge, to be substantially free from injurious diseases and pests; and that the consignment is believed to conform with the current phytosanitary regulations of the importing country, both as stated in the additional declaration hereon and otherwise.

Original 2 (for Consignee)

026-2-899 753

(1) As used in this contract, "air waybill" is equivalent to "air consignment note", "shipper" is equivalent to "consignor", "Carriage" is equivalent to "transportation" and "Carrier" includes the air carrier issuing this air waybill and all air carriers that carry the goods hereunder or perform any other services related to such air carriage. For the purposes of the exemption from and limitation of liability provisions set forth or referred to herein, "Carrier" includes agents, servants, or representatives of any such air carrier. Carriage to be performed hereunder by several successive carriers is regarded as a single operation.

(2) (a) Carriage hereunder is subject to the rules relating to liability established by the Convention for the Unification of Certain Rules relating to International Carriage by Air, signed at Warsaw, October 12, 1929, (hereinafter called "the Convention"), unless such carriage is not "international carriage" as defined by the Convention. (See Carrier's tariffs for such definition.)

(b) To the extent not in conflict with the foregoing, carriage hereunder and other services performed by each Carrier are subject to (i) applicable laws (including national laws implementing the Convention), government regulations, orders, and requirements, (ii) provisions herein set forth, and (iii) applicable tariffs, rules, regulations and timetables (but not the times of departure and arrival therein) of such carrier, which are made part hereof and which may be inspected at any of its offices and at airports from which it operates regular services.

(c) For the purposes of the Convention, the agreed stopping places (which may be altered by Carrier in case of necessity) are those places, except the place of departure and the place of destination, set forth on the face hereof or shown in Carrier's timetables as scheduled stopping places for the route.

(d) In the case of carriage subject to the Convention, the shipper acknowledges that he has been given an opportunity to make a special declaration of the value of the goods at delivery and that the sum entered on the face of the air waybill as "Shipper's/Consignor's Declared Value—For Carriage", if in excess of 250 French gold francs (consisting of 65½ milligrams of gold with a fineness of 900 thousandths) or their equivalent per kilogram, constitutes such special declaration of value.

(3) Insofar as any provision contained or referred to in this air waybill may be contrary to mandatory law, government regulations, orders, or requirements, such provision shall remain applicable to the extent that it is not overridden thereby. The invalidity of any provision shall not affect any other part hereof.

(4) Except as the Convention or other applicable law may otherwise require: (a) Carrier is not liable to the shipper or to any other person for any damage, delay or loss of whatsoever nature (hereinafter collectively referred to as "damage") arising out of or in connection with the carriage of the goods, unless such damage is proved to have been caused by the negligence or willful fault of Carrier and there has been no contributory negligence of the shipper, consignee or other claimant; (b) Carrier is not liable for any damage directly or indirectly arising out of compliance with laws, government regulations, orders or requirements or from any cause beyond Carrier's control; (c) the charges for carriage having been based upon the value declared by the shipper, it is agreed that any liability shall in no event exceed the shipper's declared value for carriage stated on the face hereof, and in the absence of such declaration by shipper, liability of Carrier shall not exceed 250 such French gold francs, or their equivalent per kilogram of goods destroyed, lost, damaged or delayed; all claims shall be subject to proof of value; (d) a carrier issuing an air waybill for carriage exclusively over the lines of others does so, only as an agent.

(5) It is agreed that no time is fixed for the completion of carriage hereunder and that Carrier may without notice substitute alternate carriers or aircraft. Carrier assumes no obligation to carry the goods by any specified aircraft or over any particular route or routes or to make connection at any point according to any particular schedule, and Carrier is hereby authorized to select, or deviate from, the route or routes of shipment, notwithstanding that the same may be stated on the face hereof. The Shipper guarantees payment of all charges and advances.

(6) The goods, or packages said to contain the goods, described on the face hereof, are accepted for carriage from their receipt at Carrier's terminal or airport office at the place of departure to the airport at the place of destination. If so specifically agreed, the goods, or packages said to contain the goods, described on the face hereof, are also accepted for forwarding to the airport of departure and for reforwarding beyond the airport of destination. If such forwarding or reforwarding is by carriage operated by Carrier, such carriage shall be upon the same terms as to liability as set forth in Paragraphs 2 and 4 hereof. In any other event, the issuing carrier and last carrier, respectively, in forwarding or reforwarding the goods, shall do so only as agents of the shipper, owner, or consignee, as the case may be, and shall not be liable for any damage arising out of such additional carriage, unless proved to have been caused by its own negligence or willful fault. The shipper, owner and consignee hereby authorize such carriers to do all things deemed advisable to effect such forwarding or reforwarding, including, but without limitation, selection of the means of forwarding or reforwarding and the routes thereof (unless these have been herein specified by the shipper), execution and acceptance of documents of carriage (which may include provisions exempting or limiting liability) and consigning of goods with no declaration of value, notwithstanding any declaration of value in this air waybill.

(7) Carrier is authorized (but shall be under no obligation) to advance any duties, taxes or charges and to make any disbursements with respect to the goods, and the shipper, owner and consignee shall be jointly and severally liable for the reimbursement thereof. No Carrier shall be under obligation to incur any expense or to make any advance in connection with the forwarding or reforwarding of the goods except against repayment by the shipper; if it is necessary to make customs entry of the goods at any place, the goods shall be deemed to be consigned at such place to the person named on the face hereof as customs consignee or, if no such person be named, to the carrier carrying the goods to such place or to such customs consignee, if any, as such carrier may designate.

(8) At the request of the shipper, and if the appropriate premium is paid and the fact recorded on the face hereof, the goods covered by this air waybill are insured while in the ordinary course of transit under an open policy for the amount requested by the shipper as set out on the face hereof (recovery being limited to the actual loss or damage not exceeding the insured value) against all risks of physical loss or damage from any external cause whatsoever, except those arising directly or indirectly from war risks, hostilities, legal seizure or delay or inherent vice, and subject to the terms and conditions of such open policy which is available for inspection by the shipper. The insurance coverage will not extend beyond the reasonable period of time required for the consignee or shipper to effect clearance from Customs. Claims under such policy must be reported immediately to an office of Carrier.

(9) Except as otherwise specifically provided in this contract, delivery of the goods will be made only to the consignee named on the face hereof, unless such consignee is one of the Carriers participating in the carriage, in which event delivery shall be made to the person indicated on the face hereof as the person to be notified. Notice of arrival of the goods will, in the absence of other instructions, be sent to the Consignee, or the person to be notified, by ordinary methods; Carrier is not liable for non-receipt or delay in receipt of such notice.

(10) (a) No action shall be maintained in the case of damage to goods unless a written notice, sufficiently describing the goods concerned, the approximate date of the damage, and the details of the claim, is presented to an office of Carrier within 7 days from the date of receipt hereof, in the case of delay unless presented within 14 days from the date the goods are placed at the disposal of the person entitled to delivery, and in the case of loss (including non-delivery) unless presented within 120 days from the date of issue of the air waybill;

(b) Any rights to damages against Carrier shall be extinguished unless an action is brought within two years after the occurrence of the events giving rise to the claim.

(11) The shipper shall comply with all applicable laws, customs and other government regulations of any country to, from, through or over which the goods may be carried, including those relating to the packing, carriage or delivery of the goods, and shall furnish such information and attach such documents to this air waybill as may be necessary to comply with such laws and regulations. Carrier is not liable to the shipper or any other person for loss or expense due to shipper's failure to comply with this provision.

(12) No agent, servant or representative of Carrier has authority to alter, modify or waive any provision of this contract.

(1) Los vocablos "guía aérea," "remite" y "Conducción," tal como se emplean en el presente contrato, son equivalentes, respectivamente, a "nota de consignación," "consignador" y "transporte"; y el vocablo "Transportador" incluye el transportador aéreo que expide esta guía aérea y todos los transportadores aéreos que conducen la mercancía en virtud del presente o que presten cualesquiera otros servicios en relación con dicho transporte aéreo. Para los fines de las cláusulas relativas a exención o limitación de responsabilidad, expresadas o referidas en el presente, el vocablo "Transportador" incluye los agentes, servidores o representantes de cualquiera de dichos transportadores aéreos. El transporte a efectuarse según el presente por varios transportadores sucesivamente, se estimará como una sola operación.

(2) (a) El Transporte según el presente queda sujeto a las reglas relativas a responsabilidad, sentadas por la Convención de Varsovia del 12 Octubre de 1929, para la Unificación de Ciertas Reglas relativas a Transporte Internacional por la Vía Aérea (en adelante llamada "la Convención"), a no ser que dicho transporte no fuere "transporte internacional" según se define en la Convención. (Por dicha definición véanse las tarifas del Transportador.)

(b) En cuanto no resultare contradictorio a lo antedicho, el transporte según el presente, y los servicios prestados por cada Transportador, quedan sujetos a (i) las leyes aplicables (inclusive las leyes nacionales que dan efectividad a la Convención) y los reglamentos, ordenanzas y requisitos gubernamentales pertinentes, (ii) las disposiciones aquí consignadas, y (iii) las tarifas, reglas, reglamentos y horarios aplicables (con exclusión de las horas de salida y llegada señaladas en los mismos) de tal transportador, los cuales se tendrán por parte del presente, y de los cuales existen ejemplares para inspección en cualquiera de sus oficinas y en los aeropuertos desde los cuales presta servicios regulares.

(c) Para los fines de la Convención, las escalas convenientes (que pueden ser cambiadas por el Transportador en caso de necesidad) son los lugares, excepto el lugar de salida y el de destino, indicados en el anverso del presente, o señalados en los horarios del Transportador como escalas de itinerario en la ruta.

(d) En caso de que el presente esté sujeto a la Convención, asegura el remiteante habersele concedido la oportunidad para hacer una declaración especial del valor de la mercancía al entregarse ésta, y que la suma anotada en el anverso de la guía aérea como "Valor Declarado por el Remiteante/Consignador—Para Transporte", si excediere de 250 francos oro franceses (con un peso de 65½ miligramos de oro y una ley de 0.900) o su equivalente, por kilogramo, constituye tal declaración especial de valor.

(3) En cuanto que cualquier disposición consignada o referida en la presente guía aérea resultare incompatible con las leyes obligatorias o con los reglamentos, ordenanzas o exigencias gubernamentales pertinentes, tal disposición quedará aplicable hasta donde no resulte anulada por los mismos. La nulidad de cualquier disposición no influirá en la validez de cualquier otra parte del presente.

(4) A no ser que la Convención u otras leyes aplicables consignen disposiciones en contrario: (a) El Transportador no será responsable ante el remiteante ni ante ninguna otra persona por cualquier daño, demora o pérdida de cualquier naturaleza que fueren (a que se refieren colectivamente en el presente documento como "daño") provenientes del transporte de la mercancía, o en relación con ello, a menos que se compruebe que tal daño haya sido motivado por la negligencia o falta voluntaria del Transportador, y que no haya habido ninguna negligencia o falta voluntaria por parte del remiteante, consignatario u otro reclamante; (b) el Transportador no se hace responsable por cualquier daño proveniente, directa o indirectamente, del cumplimiento de leyes, reglamentos, ordenanzas o requisitos gubernamentales, o de cualquier causa ajena a la voluntad del Transportador; (c) habiendo computado los cargos por el transporte a base del valor declarado por el remiteante, queda convenido que cualquier responsabilidad en ningún caso excederá del valor declarado por el remiteante, según se indica en el anverso del presente, y que la responsabilidad del Transportador, en defecto de tal declaración por el remiteante, no excederá de los mencionados 250 francos oro franceses, o su equivalente, por kilogramo de mercancía que fuere destruida, perdida, dañada o demorada; toda reclamación habrá de sustentarse mediante un comprobante del valor; (d) un transportador que expida una guía aérea para transporte exclusivamente sobre las líneas de otros lo hace únicamente en calidad de agente de ventas.

(5) Queda convenido que no se señala ningún plazo para completar el transporte según el presente, y que el Transportador podrá, sin previo aviso, sustituir transportadores o aviones alternos. El Transportador no asume compromiso alguno de transportar la mercancía por un avión determinado, o por una ruta o rutas determinadas, o de hacer conexiones en cualquier punto de acuerdo con determinado itinerario; quedando el Transportador autorizado por el presente, para seleccionar, o desviarse de, la ruta o rutas de embarque, aunque las mismas se especifiquen en el anverso del presente. El remiteante garantiza el pago de todos los cargos y anticipos.

(6) La mercancía, o los paquetes que dicen contenerla, según se detallan en el anverso del presente, se aceptan en el terminal del transportador o en la oficina del aeropuerto del Transportador en el lugar de salida; para transportarse de allí hasta el aeropuerto en el lugar de destino. Si así se conviniere expresamente, la mercancía, o los paquetes que dicen contenerla, según se detallan en el anverso del presente, serán también aceptados para remitirse al aeropuerto de salida y para su re-expedición más allá del aeropuerto de destino. Si tal remisión o re-expedición hubiere de efectuarse mediante transporte prestado por el Transportador, se efectuará de conformidad con los mismos términos y condiciones, en lo tocante a responsabilidad, expresados en los Párrafos 2 y 4 del presente documento. En cualquier otro caso, el transportador que expide la guía y el último transportador, respectivamente, al remitir o al re-expedir la mercancía, lo harán únicamente en calidad de agentes del remiteante, dueño o consignatario, según sea el caso, y ellos no serán responsables por cualquier daño proveniente de tal transporte adicional, a no ser que se compruebe que tal daño haya sido motivado por su propia negligencia o falta voluntaria. El remiteante, dueño y consignatario autorizan a tales transportadores por el presente a hacer todos los actos que estimen aconsejables para efectuar tal remisión o re-expedición, inclusive, pero sin limitación, la selección de los medios de transporte a usarse para la remisión o re-expedición y las rutas de los mismos (a menos que dichos medios y rutas se especifiquen en el presente por el remiteante), así como el otorgamiento y la aceptación de los documentos de transporte (los cuales pueden comprender disposiciones que estipulen exención o limitación de responsabilidad) y la consignación de mercancía sin declaración de valor, no obstante cualquier declaración de valor que figure en la presente guía aérea.

(7) El Transportador queda autorizado (pero no tiene obligación de hacerlo) a anticipar cualesquiera derechos, impuestos o cargos, y a realizar cualesquiera desembolsos en relación con la mercancía, quedando el remiteante, dueño y consignatario mancomunada y solidariamente responsables del reembolso de los mismos. Ninguno de los Transportadores estará obligado a contrar gastos o a anticipar ningún dinero en relación con la remisión o la re-expedición de la mercancía salvo contra reembolso por parte del remiteante; si fuere necesario hacer trámites de aduana de la mercancía en algún lugar, ésta se estimará consignada en dicho lugar a la persona designada en el anverso del presente como consignatario de aduana, o si no lo hubiere, al transportador que condujere la mercancía a aquel lugar, o a aquel consignatario de aduana, si lo hubiere, que dicho transportador designe.

(8) A solicitud del remiteante, y siempre que se haya pagado el premio debido y que dicho pago sea anotado en el anverso del presente, la mercancía asegurada por esta guía aérea quedará asegurada durante el curso ordinario de transporte bajo una póliza abierta por la cantidad especificada por el remiteante, según se anota en el anverso del presente (limitándose la indemnización a la pérdida o daño real no excedente del valor asegurado), contra todos los riesgos de pérdida o daño físico provenientes de cualquier causa externa, a excepción de las que provengan, directa o indirectamente, de riesgos de guerra, hostilidades, secuestro legal, o demora, o de vicio inherente, y con sujeción a los términos y condiciones de tal póliza abierta, la cual estará disponible para el examen del remiteante. La vigencia del seguro quedará limitada al periodo de tiempo razonable que fuere necesario para que el consignatario o el embarcador efectuara el despacho de Aduana. Las reclamaciones conforme a la mencionada póliza deberán avisarse inmediatamente a una oficina del Transportador.

(9) A no ser que este contrato consignare disposiciones en contrario, la entrega de la mercancía se efectuará únicamente al consignatario nombrado en el anverso del presente, a menos que dicho consignatario fuere uno de los Transportadores que intervinieren en el transporte, caso en el cual la entrega deberá efectuarse a la persona indicada en el anverso del presente como la persona a quien deberá avisarse. El aviso de la llegada de la mercancía se enviará, en defecto de otras instrucciones, al Consignatario, o a la persona a ser avisada, por medios ordinarios; no será el Transportador responsable por la demora o no recibo del aviso.

(10) (a) Ninguno de los Transportadores será responsable en ningún litigio que pudiera establecerse en caso de daño sufrido por la mercancía, a menos que se hubiere dado aviso por escrito a una oficina del Transportador, acompañando una descripción adecuada de la mercancía de que se trate, así como la fecha aproximada en que hubiere ocurrido el daño, y las particularidades de la reclamación, dentro de los siete días contados a partir del recibo de la misma; o en caso de demora, dentro de catorce días siguientes a la fecha en que la mercancía haya sido puesta a disposición de la persona a quien deberá entregarse; o en caso de pérdida (inclusive la no entrega), dentro de ciento veinte días a partir de la fecha de expedición de la guía aérea. (b) Cualquier derecho a reclamación contra el Transportador se extinguirá a menos que se hubiere establecido una demanda dentro de dos años a contar de la fecha en que ocurrieren los sucesos que hayan motivado la reclamación.

(11) El remiteante quedará obligado a dar cumplimiento a todas las leyes, usos y demás reglamentos gubernamentales pertinentes de cualquier país al cual, o desde, por donde, o sobre el cual llegare a transportarse la mercancía, inclusive las leyes y reglamentos relativos al empaque, transporte o entrega de la mercancía, quedando el remiteante obligado a suministrar todos los datos y a adjuntar a esta guía aérea todos los documentos que fueren precisos para dar cumplimiento a tales leyes y reglamentos. El Transportador no se hace responsable ante el remiteante ni ante cualquier otra persona por pérdida o gastos que fueren motivados por incumplimiento de esa disposición por parte del remiteante.

(12) No tiene ningún agente, servidor o representante del Transportador autoridad para alterar, modificar o renunciar ninguna disposición del presente contrato.

11 Copies of this Consignment Note/Air Waybill have been completed of which Copies, 1, 2, and 3 are originals and have the same validity.

Form No. A.1877E. Printed in U.K. (R.B.)

If the carriage involves an ultimate destination or stop in a country other than the country of departure, the Warsaw Convention may be applicable and the Convention governs and in most cases limits the liability of carriers in respect of loss of or damage to cargo.

2. — ORIGINAL — CONSIGNEE

061- 5865 942 c

CONDITIONS OF CONTRACT.

1. As used in this contract, "Convention" means the Convention for the Unification of Certain Rules relating to International Carriage by Air, signed at Warsaw, October 12, 1929, or that Convention as amended by The Hague Protocol, 1955 whichever may be applicable to carriage hereunder, "air waybill" is equivalent to "air consignment note", "shipper" is equivalent to "consignor", "carriage" is equivalent to "transportation" and "Carrier" includes the air carrier issuing this air waybill and all air carriers that carry the goods hereunder or perform any other services related to such air carriage. For the purposes of the exemption from and limitation of liability provisions set forth or referred to herein, "Carrier" includes agents, servants, or representatives of any such air carrier. Carriage to be performed hereunder by several successive carriers is regarded as a single operation.

2. (a) Carriage hereunder is subject to the rules relating to liability established by the Convention unless such carriage is not "international carriage" as defined by the Convention. (See Carrier's tariffs for such definition). If the carriage involves an ultimate destination or stop in a country other than the country of departure, the Warsaw Convention may be applicable and the Convention governs and in most cases limits the liability of carriers in respect of loss of or damage to cargo.

(b) To the extent not in conflict with the foregoing, carriage hereunder and other services performed by each Carrier are subject to (i) applicable laws (including national laws implementing the Convention), government regulations, orders, and requirements, (ii) provisions herein set forth, and (iii) applicable tariffs, rules, regulations and timetables (but not the times of departure and arrival therein) of such carrier, which are made part hereof and which may be inspected at any of its offices and at airports from which it operates regular services.

(c) For the purposes of the Convention, the agreed stopping places (which may be altered by Carrier in case of necessity) are those places, except the place of departure and the place of destination, set forth on the face hereof or shown in Carrier's timetables as scheduled stopping places for the route.

(d) In the case of carriage subject to the Convention, the shipper acknowledges that he has been given an opportunity to make a special declaration of the value of the goods at delivery and that the sum entered on the face of the air waybill as "Shipper's/Consignor's Declared Value - for Carriage", if in excess of 250 French gold francs (consisting of 655 milligrams of gold with a fineness of 900 thousandths) or their equivalent per kilogram, constitutes such special declaration of value.

3. Insofar as any provision contained or referred to in this air waybill may be contrary to mandatory law, government regulations, orders, or requirements, such provision shall remain applicable to the extent that it is not overridden thereby. The invalidity of any provision shall not effect any other part hereof.

4. Except as the Convention or other applicable law may otherwise

(a) Carrier is not liable to the shipper or to any other person for any damage, delay or loss of whatsoever nature (hereinafter collectively referred to as "damage") arising out of, or, in connection with the carriage of the goods, unless such damage is proved to have been caused by the negligence or willful fault of Carrier and there has been no contributory negligence of the shipper, consignee or other claimant;

(b) Carrier is not liable for any damage directly or indirectly arising out of compliance with laws, government regulations, orders or requirements or from any cause beyond Carrier's control;

(c) the charges for carriage having been based upon the value declared by the shipper, it is agreed that any liability shall in no event exceed the shipper's declared value for carriage stated on the face hereof, and in the absence of such declaration by shipper, liability of Carrier shall not exceed 250 French Gold francs, or their equivalent per kilogram of goods destroyed, lost, damaged or delayed; all claims shall be subject to proof of value;

(d) a carrier issuing an air waybill for carriage exclusively over the lines of others does so only as a sales agent.

5. It is agreed that no time is fixed for the completion of carriage hereunder and that Carrier may without notice substitute alternate carriers or aircraft. Carrier assumes no obligation to carry the goods by any specified aircraft or over any particular route or routes or to make connection at any point according to any particular schedule, and Carrier is hereby authorized to select, or deviate from, the route or routes of shipment, notwithstanding that the same may be stated on the face hereof. The shipper guarantees payment of all charges and advances.

6. The goods, or packages said to contain the goods, described on the face hereof, are accepted for carriage from their receipt at Carrier's terminal or airport office at the place of departure to the airport at the place of destination. If so specifically agreed, the goods, or packages said to contain the goods, described on the face hereof, are also accepted for forwarding to the airport of departure and for reforwarding beyond the airport of destination. If such forwarding or reforwarding is by carriage operated by Carrier, such carriage shall be upon the same terms as to liability as set forth in Paragraphs 2 and 4 hereof. In any other event, the issuing carrier and last carrier, respectively, in forwarding or reforwarding the goods, shall do so only as agents of the shipper, owner, or consignee, as the case may be, and shall not be liable for any damage arising out of such additional carriage, unless proved to have been caused by its own negligence or willful fault. The shipper, owner, and consignee hereby authorize such carriers to do all things deemed advisable to effect such forwarding or reforwarding, including, but without limitation, selection of the means of forwarding or reforwarding and the routes thereof (unless these have been herein specified by the shipper), execution and acceptance of documents of carriage (which may include provisions exempting or limiting liability) and consigning of goods with no declaration of value, notwithstanding any declaration of value in this air waybill.

7. Carrier is authorized (but shall be under no obligation) to advance any duties, taxes or charges and to make any disbursements with respect to the goods, and the shipper, owner and consignee shall be jointly and severally liable for the reimbursement thereof. No Carrier shall be under obligation to incur any expense or to make any advance in connection with the forwarding or reforwarding of the goods except against repayment by the shipper. If it is necessary to make customs entry of the goods at any place, the goods shall be deemed to be consigned at such place to the person named on the face hereof as customs consignee or, if no such person be named, to the carrier carrying the goods to such place or to such customs consignee, if any, as such carrier may designate.

8. If the appropriate premium is paid, the goods covered by this air consignment note are insured on behalf of the consignor under an open policy in the amount of the consignor's declared value for insurance set forth on the face hereof, (recovery being limited to the actual loss or damage) subject to the terms and conditions of such open policy. The policy includes cover in respect of war, strikes, riots, hostilities or legal seizure except in certain territories, particulars of which may be obtained from the carrier. The terms and conditions of the open policy are available for inspection by the consignor. Claims should be reported to any office of the carrier.

9. Except as otherwise specifically provided in this contract delivery of the goods will be made only to the consignee named on the face hereof, unless such consignee is one of the Carriers participating in the carriage, in which event delivery shall be made to the person indicated on the face hereof as the person to be notified. Notice of arrival of the goods will, in the absence of other instructions, be sent to the Consignee, or the person to be notified, by ordinary methods; Carrier is not liable for non-receipt or delay in receipt of such notice.

10. (a) No action shall be maintained in the case of damage to goods unless a written notice, sufficiently describing the goods concerned, the approximate date of the damage, and the details of the claim, is presented to an office of Carrier within 7 days from the date of receipt thereof, in the case of delay unless presented within 14 days from the date the goods are placed at the disposal of the person entitled to delivery, and in the case of loss (including non-delivery) unless presented within 120 days from the date of issue of the air waybills;

(b) Any rights to damages against Carrier shall be extinguished unless an action is brought within two years after the occurrence of the events giving rise to claim.

11. The shipper shall comply with all applicable laws, customs and other government regulations of any country to, from, through or over which the goods may be carried, including those relating to the packing, carriage or delivery of the goods, and shall furnish such information and attach such documents to this air waybill as may be necessary to comply with such laws and regulations. Carrier is not liable to the shipper or any other person for loss or expense due to shipper's failure to comply with this provision.

12. No agent, servant or representative of Carrier has authority to alter, modify or waive any provision of this contract.

INSTRUCTIONS

Applicants for import licences are requested in their own interests to fill up this form fully and correctly and to observe the following directions:—

1. Make your applications in duplicate as and when it is decided to order the goods in the quantities specified in the application and limit the application to goods which will be firmly ordered to be shipped to Singapore within the valid period of this licence.
2. Do not include on the same form goods which are the produce or manufacture of different countries.
3. Approved methods of payment for imports of non-sterling origin have been prescribed by the Exchange Control. This licence does not authorise any deviation from those methods. If in doubt as to the approved methods, you may consult any member of the Malayan Exchange Banks Association or the Exchange Control, Imports Section.
4. On arrival of the goods, the original copy of the import licence must be produced (with the usual import documents) for endorsement at the Imports and Exports Control Office. Particulars of the goods which have arrived must be entered below. These particulars should be typewritten and should include the name of the steamer, the date of its arrival, the quantity and c.i.f. value of the goods which have arrived and should also show the balance, if any, remaining to be imported against the licence.
5. If the goods arrive by post, this licence should, after particulars of the import have been entered below, be surrendered to the Postal authorities. If the licence is required to take delivery of subsequent consignments or to effect payment, it may be obtained from the Imports and Exports Control Office.

Name of Ship	Date of Arrival	Quantity	Value	Remarks
By Plane MSA - BA.716	6/6/68	20 plants	\$10/-	025/5

To be completed by the Exchange Control or an authorised Bank at the time licensee applies to establish a credit or to effect payment.

Date	Amount of currency taken up	Quantity of goods	Number of Form E., E.1 or E.2 as appropriate (state which)	Stamp of Exchange Control or Authorised Bank and Signature of Officer approving

Please address all covers to the Director

It is requested that the following number be quoted in the reply to this letter.

Origin: Pa. (USA)

Means of conveyance: Air Parcel Post Point of entry: Unknown

No liability shall attach to the United States Department of Agriculture or to any officer or representative of the Department with respect to this certificate.

L'inspecteur Phytopathologique dont la signature figure au recto, certifie que les plantes, parties de plantes ou produits végétaux décrits, ou bien leurs échantillons types, ont été soumis à un examen minutieux par un agent qualifié de la Division Phytopathologique du Service de la Recherche Agricole du Département de l'Agriculture des États-Unis, (Plant Quarantine Division, Agricultural Research Service, United States Department of Agriculture) et qu'ils ont été trouvés de bonne foi pratiquement exempts de maladies et parasites nuisibles; et qu'il estime l'envoi conforme aux règlements phytosanitaires en vigueur dans le pays importateur, ainsi qu'il figure dans la déclaration complémentaire ou par ailleurs.

NOTE: Le Département de l'Agriculture des États-Unis, ses agents ou représentants ne peuvent encourir aucune responsabilité quant à la teneur de ce certificat.

Der unterzeichnete Pflanzenschutzinspektor bescheinigt hiermit, dass die aufgeführten Pflanzen, Pflanzenteile oder Pflanzenprodukte oder repräsentative Proben davon, von einem bevollmächtigten Vertreter der Pflanzenschutzabteilung des US-Landwirtschaftsministeriums (Plant Quarantine Division, Agricultural Research Service, United States Department of Agriculture) eingehend untersucht wurden und nach seinem besten Wissen praktisch frei von Schädlingen und Pflanzenkrankheiten waren. Der Unterzeichnete ist der Ansicht, dass die Sendung—wie weiter unten oder an anderer Stelle aufgeführt—den geltenden Pflanzenschutzbestimmungen des einführenden Landes entspricht.

BEMERKUNG.—Irgend eine Verantwortlichkeit des US-Landwirtschaftsministeriums oder eines seiner Beauftragten in Bezug auf diese Bescheinigung wird jedoch ausdrücklich verneint.

El Inspector de Sanidad Vegetal cuya firma aparece al reverso, certifica que las plantas, partes de plantas, o productos agrícolas que se describen, o las muestras representativas de éstos, han sido minuciosamente examinados por un representante autorizado de la Sección de Sanidad Vegetal, Servicio de Investigación Agrícola, Ministerio de Agricultura de los Estados Unidos (Plant Quarantine Division, Agricultural Research Service, United States Department of Agriculture); que a su mejor entender se han encontrado substancialmente libres de enfermedades e insectos perjudiciales; y que considera el envío conforme a los reglamentos fitosanitarios vigentes en el país importador, tanto en lo expresado en la declaración adicional como en otros aspectos.

NOTA.—El Ministerio de Agricultura de los Estados Unidos, ni ningún funcionario ni representante de dicho Ministerio asume responsabilidad alguna con respecto a este certificado.
